

AVCOM GOES HI-DEF

Joining our vision technology ranks are a selection of high-end HD projection, switchers and playback for seamless and stunning solutions

CHRISTIE 10K-M PROJECTOR

The Christie 10K-M is the latest addition to Avcom Staging's projection array, proudly offering four units to QLD's event staging market, we can take image presentation to a level of clarity rarely experienced before.

At 10,000 Lumens brightness, the 3 Chip DLP projector is capable of a striking 1920 x 1080 native HD resolution, which coupled with dual mercury lamps, deliver crisp images and fail-safe operation.

The Christie 10K-M is stealthily quiet and features the most compact chassis in its class, making it perfect for virtually any high-end application.

SAMSUNG 63" PLASMA

With a host of features and capabilities, the Samsung 63" Plasma Display is not only a colossal presence, but also highly versatile.

With full connectivity options, a HD 1920x1080p output for the highest resolution digital images, as well as integrated 10W

speakers, Avcom Staging can provide more incredible options for video and sound performance.

PLAYBACK

Avcom Staging offers the latest professional BluRay DVD playback decks, laptop computers and 1000 metres of high quality DVI Fibre Optic cable.

SCREENPRO-II SWITCHER

The Folsom ScreenPro range of products have long been an industry standard, and with the addition of the new ScreenPro-II HD video data switcher to our range, we have a range of switchers to suit any application.

The ScreenPro-II is a seamless switcher that is capable of a mighty 2048 x 1080p output, and also features four image layers and up to two scaled PIPs which enable sophisticated effects and transitions.

DCS-200 SWITCHER

The Folsom DCS-200 is the successor to the highly popular Presentation PRO range of switchers, featuring dual channels and excellent scaling quality. The DCS-200 is capable of an impressive 1920x1080p output and is a true seamless data switcher.

Its intuitive operation and flexibility makes it an ideal switcher for small to medium size events.

HD SOLUTIONS

Whatever your requirements, Avcom Staging is now more capable than ever of delivering the brightest, clearest and largest vision solutions. With the sky as the limit, we're prepared to bring to life anything our clients can fathom.
