

YOUR 'ONE STOP DESTINATION' FOR TECHNICAL AND CREATIVE EVENT SOLUTIONS

EVENT SERVICES

As one of Australia's leading event staging organisations, Avcom Staging specialises in supplying first class technical and creative event services to a diverse range of national and international clients.

Established in 1992, Avcom Staging draws from over 50 years combined experience within the corporate event staging industry and are three time Meetings & Events Australia Queensland Award Winners in 2008, 2009 and 2010. With over 4 million dollars invested in the finest audio visual, lighting, stage and themed equipment, Avcom Staging has the resources readily available to service any event, large or small.

Our team of experienced producers and technicians are dedicated to providing exceptional service to each and every client with a firm focus on hospitality. With a full range of technical and creative event services, Avcom Staging is a true "One Stop Destination" for your next event.

Our primary services range from staging conferences, themed events, gala dinners, awards presentations, product launches to board room meetings. We offer all of these services right across Australia through longstanding national affiliations

CONFERENCE

From high impact product launches to large exhibitions and trade shows, Avcom Staging is able to tailor packages to meet every client's needs.

We assist all our clients in designing and creating a conference package to suit their specific needs utilising state-of-the-art technology. Regardless of the complexity, size or scope of an event, Avcom Staging has a broad range of conference services readily available. From producing large conferences for thousands of delegates to personalised board room meetings, we've got you covered.

Each conferencing client has a dedicated Senior Technical Producer/Director assigned to their event, right through from inception to invoicing. This standard company policy ensures a consistent quality of service is maintained throughout our client's entire experience with Avcom Staging.

Whether you choose to use a conventional conference room layout or require a unique conference setting, Avcom Staging will design and provide floor plans to suit. We can create a cost-effective "look" allowing versatility in meeting your conference needs whilst giving your meeting a truly unique appearance.
